**REPORT ON GATE 2024 ORIENTATION PROGRAM CONDUCTED UNDER CSI ON  
04/09/2023**

Venue: Programming Language Lab

Time: 2.45 PM - 4.20 PM

---

### **Introduction:**

The Department of Computer Science and Engineering at our institution launched the Gate-2024 Crash Course Program in collaboration with the Computer Society of India (CSI) on 04/09/2023. The primary objective of this program is to assist final-year students (2020-2024) in Computer Science and Engineering in preparing for the Graduate Aptitude Test in Engineering (Gate) examination. Furthermore, the program aims to enhance students' prospects for pursuing higher education and securing employment opportunities in their chosen field.

### **Orientation Programme Details:**

On September 04, 2023, the department conducted a Gate-2024 Orientation Programme as a crucial component of the larger initiative. The orientation session was led by Prof. Murshida K.P., Assistant Professor in Computer Science and Engineering, and Prof. Baiju B S., PRO & Placement Officer. The session aimed to provide valuable information about the Gate examination and the benefits associated with successfully passing it.

### **Key Highlights of the Orientation Programme:**

- Objective Clarification:** The session commenced with a clear elucidation of the program's primary objectives, emphasizing the importance of Gate-2024 for the students' academic and professional development.
- Information on the Gate Examination:** Prof. Baiju B S. provided comprehensive insights into the structure and format of the Gate examination. He discussed the various sections, question patterns, and the scoring system, ensuring that the participating students had a clear understanding of what to expect.
- Advantages of Passing the Gate Exam:** Prof. Baiju B S. took the stage to explain the myriad of advantages associated with successfully passing the Gate examination. These advantages included enhanced prospects for higher education in prestigious institutions, career opportunities in both public and private sectors, and the potential for research and development roles in the industry.

4. **Support and Resources:** The program coordinators highlighted the extensive support and resources available to students, including study materials, mock tests, and expert guidance throughout the duration of the crash course.

**Program Conclusion:**

The Gate-2024 Orientation Programme concluded successfully with active participation from 20 CSE enthusiastic students. It served as an essential starting point for the upcoming crash course, equipping the participants with vital information and motivation to excel in their Gate-2024 preparations.
