ANNUAL NEWSLETTER 2022-23

Department of Electrical and Electronics Engineering

VISION

To be a premier hub for producing Electrical and Electronics Engineering graduates trained of great scope, socially and professionally responsible to meet global challenges with cutting edge and innovative technologies.

MISSION

- To create center for knowledge transfer in the field of Electrical and Electronics Engineering.
- To emerge as a center of excellence in promoting industry and academic partnership.
- To instigate research activities for students and faculties to make them innovator designers and solution providers.
- To meet various demands of the nation

in the field of Electrical and Electronics Engineering by providing intellectual problem-solving technologies with social and professional responsibilities.

ABOUT DEPARTMENT

Department of Electrical and Electronics Engineering was established in the year 2005 with UG program (B.Tech.) under University of Calicut with an intake of 60 students. In 2012 the department started its PG program with a specialization of Power Electronics and Drives with an intake of 18 students. In 2014, the strength of students increased to 24. From 2015 onwards both UG and PG programs are under Kerala Technological University. The department is driven by a team of highly motivated, dedicated and experienced teachers supported by a strong team of lab technicians. The department

ILLUME' 22 EEE DEPARTMENT ASSOCIATION DAY.

The Electrical and Electronics department of MEA Engineering College celebrated its department association day on 29th September, 2022. The event was organized in the main block seminar hall of MEAEC on 29th September, 2022 between 09.30am to 01:00pm. The new executive committee of IGMI, the department association, for the year 2022- 2023 was also announced in the event.
